What You Can Do

Stepping Up County Resolution Template (PDF | Webpage)

If your county has passed a resolution in support of Stepping Up, please email info@stepuptogether.org.

Whether you are a state or local policymaker, a criminal justice or behavioral health professional, an individual living with mental illness, or someone who is otherwise committed to reducing the number of people with mental illnesses in jails, you can play a critical role in this initiative. When you select “Take Action Now!” you will receive information about how to get involved.

Overarching Goal

There will be fewer people with mental illnesses in our jails tomorrow than there are today
How Do We Know if a County is Positioned to Reduce the Number of People with Mental Illnesses in Jail?

Six Key Questions

1. Is your leadership committed?
2. Do you have timely screening and assessment?
3. Do you have baseline data?
4. Have you conducted a comprehensive process analysis and service inventory?
5. Have you prioritized policy, practice, and funding?
6. Do you track progress?
1. Is Your Leadership Committed?

- Mandate from county elected officials
- Representative planning team
- Commitment to vision, mission, and guiding principles
- Designated project coordinator and organized planning process
- Accountability for results
Creating a County Collaborative Leadership and Management Structure

Defense Bar  Probation Chief  District Attorney  County Commissioner/Executive  Sheriff/Jail Administrator  Judge  Behavioral Health Director

Police Departments  Mayors  Families/Advocates  Services Providers  Community Leaders  Providers
2. Do You have Timely Screening and Assessment?

- Is there a system-wide definition of:
  - Mental illness
  - Substance use disorders
  - Recidivism

- Screening and assessment:
  - Validated screening and assessment tools
  - An efficient screening and assessment

- Electronically collected data
Example of Timely Screening and Assessment in Salt Lake County, Utah

**Screenings Administered at Jail Booking and Follow Up Assessments in Salt Lake County, UT**

- Correctional Mental Health Screen
- Level of Service Inventory: Screening Version
- Texas Christian University Drug Screen V
- Salt Lake Pretrial Risk Instrument
- Assessments Based on Screening Results in Jail or In the Community

**Recommended Uses for Informing Decision-Making**

- Jail Management
- Pretrial Release
- Diversion
- Connection to Care at Discharge
- Community Supervision
Improving Screening and Assessment

1. Adopt a uniform definition of mental illness (and SUD)
2. Select validated screening and assessment tools
3. Universal screening for everyone booked into jail
4. Validated assessment by clinical professional for all screened positive
5. Assess for pretrial risk or diversion
3. Do You Have Baseline Data?

Four Key Measures

- Prevalence rate of mental illnesses in jail population
- Length of time people with mental illnesses stay in jail
- Connections to community-based treatment, services, and supports
- Recidivism rates

Electronically collected data
Strategies Must Focus on Four Outcomes

1. **Reduce** the number of people with mental illness booked into jail

2. **Shorten** the length of stay for people with mental illnesses in jails

3. **Increase** the percentage of people with mental illnesses in jail connected to the right services and supports

4. **Lower** rates of recidivism
4. Have You Conducted a Comprehensive Process Analysis and Service Inventory?

- System-wide process review
- Inventory of services and programming
- Identified system gaps and challenges
  - Process problems
  - Capacity needs
  - Population projections
- Evidence Based Practices Identified
CIT training of law enforcement is not comprehensive; protocols vary by agency

Law enforcement is often unable to locate facility with capacity for Arrested Persons (APs) with acute MH needs

Lack of standardized policies at the various detention facilities across the county

Automated information system data entry happens at various times

Medical staff cross check jail booking information with local hospital(s) system to check MH history; info is not shared with county jail
5. Have You Prioritized Policy, Practice, and Funding?

- A full spectrum of strategies
- Strategies clearly focus on the four key measures
- Costs and funding identified
- County investment
A System of Diversion to a System of Care

- Law Enforcement
- Initial Contact with Law Enforcement

- Law Enforcement
- Arrest

- Jail-based
- Initial Detention

- Court-based
- First Court Appearance

- Pretrial
- Jail - Pretrial

- Court-based
- Dispositional Court
- Specialty Court

- Jail-based
- Jail/Reentry
- Prison/Reentry

- Probation
- Parole

Community-Based Continuum of Treatment, Services, and Housing

- Outpatient Treatment
- Intensive Outpatient Treatment
- Integrated MH & SU Services
- Peer Support Services
- Supported Employment
- Case Management
- Crisis Services
- Psychopharmacology
- Supportive Housing
6. Do You Track Progress?

- Reporting timeline of four key measures
- Process for progress reporting
- Ongoing evaluation of program implementation
- Ongoing evaluation of program impact
Tracking Progress

- Prevalence rate of mental illnesses in jail population
- Length of time people with mental illnesses stay in jail
- Connections to community-based treatment, services, and supports
- Recidivism rates

How Did We Get Here?

- Community support & awareness of mental health issues, strategies
- County Commissioner support
- Sheriff’s Office support
- Top 25 inmates entered jail over 480 times since the year 2000 totaling > 20,000 days @ cost of $1.5M
Timeline of Events

• April 2015 – Sheriff’s Office applied for Bureau of Justice Assistance “Justice & Mental Health Collaboration Program” grant; commonly referred to as “MH in CJ” grant

• August 2015 - County Commissioners adopted “Stepping Up” resolution

• October 2015 – Awarded MH in CJ grant
Timeline of Events

• April 2016 – Members of the Policy Team attended National Stepping Up Summit in Washington, DC

• June 2016 – Per planning team recommendation, County Commissioners appropriated funds to create a full-time Jail MH Navigator position

• July 2016 – Present – Continue to work through MH in CJ Planning & Implementation (P&I) Guide
Blending of Initiatives

Goals of MH in CJ grant complement Stepping Up goals

• Determine prevalence of the problem; how many offenders in the jail with MH problems
• Evaluate current system via utilization of SAMHSA Sequential Intercept Model to identify diversion potential
• Accomplish comprehensive, data-driven analysis of community-based and criminal justice systems to identify jail diversion strategies
• Identify community resources
• Submit recommendations to Policy Team for implementation
Stepping Up Activities

- Identified Policy Team inclusive of heads of agencies represented on the MH in CJ Planning Team

- Attended National Stepping Up Summit

- Coordination with MH in CJ Planning Team

- Periodic initiative updates to BOCC

- Take recommendations from Planning Team and implement policy changes and/or funding appropriations
MH in CJ Grant Benefits

- Provides for technical assistance from the Council of State Governments Justice Center
- Best practices across the state and nation
- Use of P & I Guide
- On-site visits and reviews
MH in CJ Grant Outcomes

• Reduce the number of people with mental illnesses and co-occurring disorders who are booked into jail

• Reduce the length of time people with mental illnesses and co-occurring disorders stay in jail

• Increase the number of people released from jail who are connected to community-based services and supports

• Reduce the number of people with mental illnesses and co-occurring disorders returning to jail
Major Task: Convene Planning Team

- County Government
- Sheriff & Jail Administrators
- Hospital Behavioral Health (important for managing IVC’s)
- LME/MCO
- Behavioral Health Providers
- Public Defender, District Attorney, Judges
- Police
- Probation & Parole
- DSS
- Homeless Shelter

Continues to grow as stakeholders are identified
Planning Team Activities

• Use Sequential Intercept Model

• Learn about each others’ roles

• Collectively define Mental Illness and define Recidivism

• Review Jail Screens & Validated Assessments

• Identify Strengths, Weaknesses & Gaps
Excerpt of SWOT Analysis

• Strengths: Invested stakeholders, commitment from BOCC, CIT, strong LME/MCO & provider resources

• Weaknesses: Lack of pre-trial diversion programming, lack of post-release connection with services

• Opportunities: Creation of county Jail Diversion program, navigator position in Detention Center

• Threats: Lack of information sharing, ever-changing MH system
